

18th September 2017

Dear Sir/Madam,

I would like to submit with Dr. Adrian R. Muxworthy a paper entitled “First order reversal curve diagrams of nanomagnets with cubic magnetocrystalline anisotropy” to the journal *Physical Review B*.

We have provided a manuscript including black and white figures for the print edition and color for the online edition.

Yours sincerely,

A handwritten signature in black ink that reads "Miguel A. Valdez Grijalva". The signature is written in a cursive, flowing style.

Miguel A. Valdez Grijalva
